

Dear Students,

Due to much misinformation about the Rector's decree which has given you the advice to return home please note that the document stated the authorities' recommendations not orders.

In our opinion your stay at home will be much safer than being here in the dormitory or in Gdańsk in general. Nonetheless in individual cases it may be the other way round – you can stay here, either in the dormitory or your apartment.

We do take into account that when you come back it might be necessary to stay 14 days in quarantine. Now it is difficult to say how the situation will develop.

It shall be your decision only to stay or return home. In any case - we will provide individual support. Please follow the news on our website, the Extranet and the FB page – there will be more information about online classes.

The period of two weeks from now may change according to the dynamics of the coronavirus outbreak. Should you have any questions or issues about your return/travel or stay in Gdańsk please contact the proper deans' office or the office for students' affairs.

*Vice-Rector for Students' Affairs*  
  
*Prof. Tomasz Smiatacz, PhD, MD*
